

Be Incredible - Grow your own food

Incredible Edible Wakefield first came about in 2009 when, with the rising cost of food and fuel, we set up a website to share ways that people in and around the Wakefield area could have a go at growing their own food and access more locally grown produce.

Community Growing Plots

Since **then we** have been finding creative ways to use currently unproductive spaces so **that anyone without room** to grow at home can have access to their very own community growing plot.

We work with individuals and organisations to make pieces of land available and then, with a little help, turn them into friendly Community Allotments.

Help Us Grow Days - Eastmoor

We create new plots by organizing volunteer days and getting **wanna-be growers** together to help revive these overgrown or under-used pieces of land.

We have set up 22 growing plots already and are always looking for new sites. Whether you're an experienced grower or a complete beginner, if you enjoy gardening and want to meet others who share the same interests, join us, and help us to create new growing plots around Eastmoor.

To find out more or to register for a plot please complete the form overleaf

Want to know more about Incredible Edible?
