PC 1845 Blore reports

Worked 18:00 x 20:00 in the Netherton area at the youth club after reports of ASB and drug taking around the youth club and park on Coxley view. I spent time with the staff at the youth club who stated that they were finding a large amount of silver gas canisters. I have left my details with the staff and asked that they keep one of the canisters for me and to obtain details of vehicles that are seen using the canisters in the area. The staff have passed me some details of a possible person who is providing the canisters and I will be liaising with the NPT for the area.

No issues to report

Again I believe a number of traffic officers have worked the scheme and have performed various shifts doing speed checks in the problem areas but they have not updated me with what they have done. I have sent an email asking for updates but they are not on duty for the next few days.
