

Friends of Emroyd

Improving Our Local Environment

NEWSLETTER 22 NOVEMBER 2017

The management group of the Friends of Emroyd continue to meet and have been on site a couple of times with the Parish Council to review the work done regarding the new track. We are also looking at how the finishing touches to the works can be undertaken such as wildflowers on the banking around the track in the field, a gate by the field and a memorial for the warhorses lost in World War I.

Aspire-igen, an organisation which supports young people, will continue to do hands-on work in Emroyd to help keep back the growth of saplings where areas have been trimmed back.

Next work session – SUNDAY 19 NOVEMBER 2017

We meet at Middlestown Cemetery gates at 10 am. This month's work will be primarily hedge laying down the west of the field area adjoining the farmer's field. If you would like to join us please come appropriately dressed for the task and if you do have any suitable NON POWERED equipment such as hand held equipment, eg a saw, please bring it with you.

Another work session for your diary and lunch in The Little Bull is SUNDAY 17 DECEMBER.

Hope to see you soon.
